(*c*) Status—Class I or II (Gazetted) according to the Status of the Hospital.

Rank—Surgeon in case of bigger hospitals and Health Officer Class II-*cum*-Assistant Surgeon in case of others.

Duties—To be in administrative charge of the Hospital.

(*d*) The status is that of an Assistant Surgeon Grade I, Ranking is according to seniority list. Duties in District Headquarters Hospital; he is assigned duties according to his speciality.

In Non-District Headquarters General Hospital, the Assistant Surgeon Grade I is the administrative Medical Officer of the institution, provided he is senior among the other Medical Officers of the Institutions.

(*e*) The question of revision of the manual is under consideration.

(*f*) The status of Asst. Surgeon Grade III and Assistant Surgeon Grade I is quite distinct. Hence placing of Assistant Surgeon Grade III in equal status of Assistant Surgeon Grade I with post-graduates qualifications in General Hospital does not arise.
